OUR MISSION

At IPHM, we strive to provide membership for all qualified therapists, creating an independent and unified standard of practice amongst practitioners. Accredited therapists and training providers are more likely to gain public confidence when part of a larger professional network. However, we do not guarantee work in the industry, and members must abide by their own countries' laws and license agreements.

MEMBERSHIP APPLICATION

When applying for IPHM membership, you affirm that you possess the necessary skills and qualifications as stated on your application. IPHM processes applications in good faith but reserves the right to request proof of qualifications at any time during the application process or membership term.

IMPORTANT NOTES:

1. Failure to provide requested documentation may result in membership withdrawal without refund.
2. If your application is not accepted for reasons other than documentation issues and you have made payment, a full refund will be issued, less a small administrative fee.

PROFESSIONAL CONDUCT

1. Therapists must only offer treatments within their competence and training limits.
2. All therapists must agree to abide by our code of ethics.

AESTHETICS PRACTITIONERS

If offering aesthetic therapies, you must:

- Hold a minimum of level 3 beauty qualification
- Possess a qualification in semi-permanent makeup or microblading for at least 6 months
- Maintain valid insurance (available through your members' dashboard with potential IPHM member discounts)
- Obtain insurance within 7 days of acceptance if not currently insured.

MEMBER RESPONSIBILITIES

As an accredited IPHM therapist:

1. You must not mislead clients by offering therapies or services beyond your qualifications or IPHM accreditation.
2. Misrepresentation may result in immediate removal of your listing and membership without refund.
3. IPHM does not assume responsibility for treatments or consultations provided by IPHM-approved therapists.

LOGO USAGE

Using the IPHM Logo (wearing your badge or displaying your certificate) without a valid membership may result in prosecution.

By maintaining high standards and ethical practices, we can collectively enhance the reputation and trustworthiness of our profession. Thank you for your commitment to excellence in beauty therapy.
